LOT 1

Margie
2533

The Margie “OF THE MOMENT!”

Definition:
currently popular,
famous, important.
Yep, that’s HER!

It’s always exciting putting The Revival together, making big decisions how to lot the book since we sell in numerical order. (Truth told, the lotting list is a bit of a debate, usually over coffee, that can carry on over several mornings. There’s a lot to consider with the consignors we have, and the lots they have committed. We work hard to get it right!) If you’ve been on the seats in Beaverton or bid with us on CCI, you’ll remember that THIS SALE moves along in WAVES – there is motion and energy from start to finish, and you never know for sure which lot is gonna be the CREST. If you don’t believe that’s true, stop right now and turn to page 66. Then flip backwards through the book. We could just as easily start at the end and sell in reverse!

**There’s no doubt in my mind that Margie 2533 has earned the Lot 1 slot.
She is the ONE FEMALE that EVERYONE gravitates to EVERY TIME!**

**Thru the summer, I’ve shown her to people sometimes first and sometimes last.
When they’re about to leave, EVERYONE wanted to see Margie 2533
ONE MORE TIME! That’s the best compliment ever. Lot 1 is worth your trip!**

DONOR OF LOTS 1, 2A & 2B

GCC TURNERS MARGIE 542 E ET – Dam of Lots 1, 2A and 2B

Congrats to Steve on a SUPERB Lot !! She's an ideal example of Margie 542's consistency and dominance. Not since GCC Augusta Pride 3127 have we had a female generate so much interest among breeders. A book could be written on the Margie 542 family. She was the most prestigious female on the tanbark when she showed with Omaha at side, winning Cow/Calf Champion at NJSS, Ohio State Fair, World Beef Expo, NAILE and the National Western, where she was also Reserve National Champion Female. Margie 542 is the only Shorthorn female to win her class three times at the North American! Her production record is now exceeding her winnings and these matings to Current Commodity and Red Knight will put your breeding program ahead of the game!

LOT 3

The FIRST Red Knight Daughter of Marvelous Margie EVER OFFERED is a well-designed, SUPER female. Her dam has produced so many show ring winners and this February Red Knight daughter may be the BEST to date! The name of the game is to own and control UNIQUE GENETICS. Marvelous 2506 is unique!

LOTS 4A & 4B

The pair of Direct Deposit x Marvelous Sisters are stout-made and stamped with the attention-commanding MARVELOUS LOOK. The light roan Marvelous 2530 has been many visitors' pick of the offering. Some say she's a little stouter than the roan Marvelous 2509. Others say 2509 has more show ring flair. All agree that both have the striking Marvelous presence that you can't get out of your mind. Do not forget the power and performance that is coming from their sire, Show Bull of the Year Direct Deposit. We believe his daughters will be known for it.

Imagine these three heifers at the same stage as their maternal sister Marvelous DM 2426, pictured left at 2025 NJSS in Grand Island. If you saw her there (or here last year, or Louisville, or OKC) chances are you haven't forgotten her. WHATACOW!

Don't miss the Greenhorn's Lot 5 Dream Weaver x Marvelous Heifer Pregnancy – Bona Herd Builder!

Dam of Lots 6A and 6B
and Show Bull of the Year
Direct Deposit

2021 Cattlemen's Congress
Reserve Grand Champion

Direct Deposit is doing a great job
siring powerful and stylish daughters.

His full sisters are the quality females
you expect from the phenomenal
Margie 950. Both have the "950 look."
Both deserve a place in a donor pen!

Margie 2508 will give you that great
profile that's the signature of her sire
and dam – she's flashy and cocky!

Margie 2510 is complete in every way
will be very competitive in the May
division. I predict it's gonna be a race
to get her bought. Don't give in, you'll
be glad she's in your stall at Louisville
and beyond.

DONOR OF LOTS 7A – 7D

**BFS MARGIE LL 950 – Dam of Lots 6A and 6B and Lots 7A thru 7D
2021 Cattlemen's Congress Reserve Grand Champion**

Dam of Direct Deposit, 2023-24 Show Bull of the Year

BFS Margie LL 950 was the crowd favorite at Louisville and Oklahoma City, and was named Reserve Grand Champion at the 2021 Cattlemen's Congress. Campaigned expertly by the Wetzel family, she was Division or Reserve Division Champion, under seven different judges, at all three major shows (Kansas City, NAILE and Cattlemen's Congress) both Junior and Open Shows, as well as the National Junior Shorthorn Show.

This former show heifer is an even more impressive cow. She is the mother of Direct Deposit, 2024 Cattlemen's Congress Grand Champion. Her first daughter, sired by Flash, was Reserve Grand Champion Bred & Owned Heifer at the 2023 NJSS, followed by Reserve Grand Champion of the 2024 EDGE Show at OKC.

Lot 8B is the
Maternal Sister
to Margie 950,
the dam of
Direct Deposit

LOT 8A – LOT 9A

Lot 8A is an extremely sound, solid dark red female that will make an amazing cow just like her famous sister. 950 is the mother of Direct Deposit, Emily's Bred & Owned Reserve Grand Champion, and the high seller in Bollum Family's spring sale at over \$30K. To top it off, 401 is bred to the super exciting, roan, easy calving, top 10% \$BMI, top 2% \$CPI Gilman's Basin. This mating is proven and will be moneymaking!

The Lot 9A mating is as proven they come. Full sibs to BFS Margie LL 950! Margie RAD 423's embryos offered here last year were among the highest sellers. This opportunity is only available at The Revival!

LOT 8B

Lot 8B is the complete package, dark roan, highly muscled, super correct, eye appealing, and a super disposition. This maternal sister to Lot 8A is by the super hot CF Payweight. He transmits a little more growth and look, and he is absolutely nailing it for Cates Farms. We calved out our first Payweight daughters and they are impressive in every way. Margie 408 is an excellent combination of superior phenotype and a super set of EPDs: top 10% of the Breed in \$BMI, with over \$141, top 3% of the breed in REA, she had an almost 13-inch ribeye when we took our yearling data. She is a full sister to the 5th Overall Champion Heifer at Iowa State Fair last year who was the high seller in our fall sale. We planned to keep this one, but Steve asked..... so here she is! As an added bonus, she is bred early to the exciting Gilman's Basin. 408 will have many high marks on sale day!

GILMAN'S BASIN 151L
Service Sire of Lots 8A and 8B

LOT 9B

The Lot 9B mating to In Demand will be incredible! Margie RAD has produced several show heifers for us and also the top selling heifers in our last several on-line sales as well. This cow hits it out of the park to whatever she is mated to. Can't wait for the results of this match-up.

LOT 10 DONOR

Laramie

CF MARGIE 119 SOL X ET – Dam of Lots 10, 11 and Lot 12 Donor

In the opinion of many, Margie 119 is the greatest Margie to ever show and produce in the Shorthorn breed. The dam of Lot 10 was the 2012 National Champion Shorthorn Female and she has gone on to produce champion after champion. She doesn't miss!

The sire of Lot 10, Byland Flash, is an outcross in the Shorthorn breed who has made a great name for himself producing awesome females in the most competitive show rings and the most prominent breeding pens. The result of this heifer pregnancy can certainly excel in BOTH!

We were very fortunate to acquire these embryos from Cornerstone Farms and knew that a genetic opportunity of this heifer pregnancy's caliber deserves the attention of the entire North American audience – that's why it's being offered at The Revival!

Lot 12 Donor, Margie 611, earned Reserve Grand Champion of the 2017 NAILE and is one of the most gorgeous females I've ever seen. Her mother is none other than the legendary Margie 119! Look at her maternal sister that LCCC is offering as Lot 11 and you'll see for yourself that quality runs deep in this branch of the Margies. 611's mating to Show Bull of the Year Direct Deposit is totally NOW!

The REVIVAL

If we can help you in any way – before or after the sale – call or text Steve French at 989-798-8223.
We want you to be successful with your Revival purchase!

REVIVAL DOCUMENTATION OF TERMS • For lots in which future fulfillment is a factor (ie. retained rights and retained percentage ownership), the Revival retains the original sale terms on file in case of a dispute.

REVIVAL EMBRYO PACKAGE TERMS • If implanted by a certified embryologist, all embryo lots are guaranteed to produce at least one pregnancy, or one replacement embryo will be provided. Embryos must be implanted, and replacement claim made, within a calendar year from purchase date. Complete settlement must be made in order for embryos to be released. Shipping arrangements and costs are the responsibility of the buyer.

Buyer must contact the consignor directly within 30 days of the sale to make embryo shipping arrangements. Consignors cannot be expected to store embryos for you longer than 30 days unless you have personally made arrangements with them to do so.

PREGNANCY INSURANCE • The Revival encourages buyers of heifer pregnancy lots to consider investing in prospective calf coverage. Contact an insurance agents to review coverage stipulations and determine if the lot qualifies:

- Jim Bessler, James F. Bessler, LLC, 815-762-2641
- Jeanne Conover, Conover Insurance Services, 515-491-1335

RETAINED FLUSH RIGHTS • Sellers who have retained the right to flush a specific female are responsible for all expenses and the coordination of services (timing and location) at the buyer's convenience. It is not unusual to conduct multiple ET sessions (conventional or IVF) to achieve the minimum quantity of embryos desired.

DNA GENOTYPING & GENETIC TESTING • A DNA genotype is utilized in establishing parentage, determining the presence of a genetic condition, and to produce genomically enhanced EPDs (GE-EPDs). Animals do not have to be DNA genotyped, or free of a genetic condition, to be registered. However, if an animal becomes an A.I. sire or donor dam all required genetic testing must be completed and a DNA record must be on file with ASA prior to registering any progeny.

Making a purchase in the Great Shorthorn Revival creates the eligibility to consign to future sales. Contact Steve French to discuss potential lots!

I want to be crystal clear this heifer has it going on – royal pedigree, show heifer look, beautiful hair, awesome disposition. She's ready for the next 15 months in your show barn. Crystal Clear not only has the style that we would expect from her great dam, Lady Crystal 2105, she also has the base width, substance of bone, power to pack a punch, and extra dimension through her center rib that is so important to the modern day show ring. This heifer can definitely hang with any big-time heifers in the country. I can't wait to see her in your string!

The dam of Lot 16B is the full sister to dam of Lot 16A, and both heifers are sired by Direct Deposit which is sure to create some lively conversation, always a favorite pastime of The Revival. Probably goes without saying which female was my pick when 2104 and 2105 were featured in the 2021 Revival Sale. Dave DeLisle got a great female in Lady Crystal 2104. She is a power cow and showy enough to turn a few heads. I believe 21N, her daughter by Direct Deposit, can be described the same way. If you want to know what else I see in her...let's have a conversation at the sale!

- Offered by Woodrange Farm and WayMar Show Cattle
- Donor will be available in Fall 2025 at Trans Ova-Interglobe Genetics to create four heifer embryos sired by buyer's choice of leading sires pictured: Red Knight, Aviator, Charisma or Diamond.
- Buyer may can choose one sire to obtain four heifer embryos, or two sires to obtain two embryos from each sire.

THE REVIVAL SALE ORIGIN STORY

We were inspired to start The Great Shorthorn Revival on a sale weekend trip in the Fall of 2001 with Clint Tomson, then 92 years old. Clint was a Shorthorn man from birth. His interest in the Tomson family's top-ranked breeding program led to proficiency in livestock judging, expert salesmanship and, later, leadership of the breed. He started his career at Shorthorn World as a fieldman, and after a few years he was selected to fill the post of Executive Secretary of the American Shorthorn Association. From 1941 to 1951, Clint provided countless ideas and innovations which truly created the heyday years of the reds, whites and roans. He left the association to join his boyhood Shorthorn friend Frank Harding and his father F. W. Harding in forming American Livestock Insurance Co., but Clint never left behind his love for the breed he helped make great.

For hours on that trip we quizzed Clint about "the golden days of Shorthorns." And he answered, in-depth and in detail, as only Clint could! At one point Steve asked, "Clint, how are we going to get Shorthorn breeders to focus again on the cow families that made the breed great?" Without hesitation and for about an hour (almost without taking a breath!), Clint advised a marketing strategy that in six years has proven to work.

He started off saying, "Steve, you're going to have to create an ECONOMIC OPPORTUNITY. You can't just tell people that cow families are important and that following the great bloodlines can be profitable. You have to show them! And show them right in their pocketbook, where it counts the most!" The Great Shorthorn Revival was born!

We are always asked about the theme of the sale and enjoy sharing Missouri breeder Dave Lorenz' article reprinted from 1965's 50th Anniversary issue of Shorthorn World.

The Great Shorthorn Revival

by Dave Lorenz, Kansas City, Missouri, 50th Anniversary Herd Bull Number, Shorthorn World, August 15, 1965

On my office wall I have a color lithograph produced in 1893. It shows 4,000 range cattle at a waterhole near Amarillo. I keep this picture before me so I will not forget my primary objective as a Shorthorn breeder... which is...to breed bulls sound enough, big enough and strong enough, with feet and bone enough to meet the approval of men who run commercial cows from 200 to 20,000 head.

Every four years these ranchers put one million new bulls into their herds. The Hereford breeders get 90 percent of this business. I doubt if we Shorthorn breeders get 2 percent of this business.

History shows that the Herefords just kept on coming. Today, 18 million cows in the ranges west of the Missouri river look like they're 100 percent Hereford, though way back there, most of them had a strong Shorthorn cross in them.

But, today, the ranchers are looking for answers to their very real problems: cancer-eye, loss of size, too little milk and, that other "unmentionable" problem, which is still far too prevalent.

At Denver in January, my son Pete introduced me to a rancher from west Texas who needed 70 Shorthorn bulls. I had to tell him very frankly that I didn't know where he could buy 70 Shorthorn bulls old enough to thrive, and get cows in calf where they run one head to 20 acres of pasture. But, after a discussion, I sold this rancher an idea...and, together, we're giving it a try.

Remember, he has to have pigmentation, and he has to get calves. We offered to furnish two, two-year-old bulls, if he would furnish 50 selected young cows, and put them together in one pasture. We would cost the calves at weaning time, at market price. Then, we would split the overage that they should bring as bull calves.

He accepted this offer. We sent him down two good, strong, sound-footed bulls that would have sold for considerably more than ordinary range bulls. (After all, we wanted the first Shorthorn bulls in his neighborhood in 40 years to make a good impression!) After four weeks acclimatization, these two bulls are now with the cows...two bulls and 50 cows in 1,300 acres of pasture!

What happened? This man had been too busy at Denver-time to visit our Shorthorn farm and look our bulls over. He simply said, "Just send me the bulls." Well, after seeing the bulls, he decided to come to Kansas City and see the herd that had produced them. Result? He is getting enthusiastic about breeding Shorthorn-pigmented Hereford-cross bull calves to sell by the hundreds to ranchers in his area, and in Old Mexico.

Why? His neighbor-rancher friends and some Mexican cattle people have already visited his ranch. He has shown them these two Shorthorn bulls in with 50 cows. He has told them what he is doing and why. Most of his visitors have become interested in his project because they too are experiencing serious cancer-eye trouble.

He is now considering how he might breed 1,000 cows next year, to get the same result.

Now, "What's this Shorthorn Revival Business?"

A big portion of an entire generation of commercial cow men has grown old without ever seeing much but white-faced cattle. Our friend in west Texas said he hadn't seen a herd of registered Shorthorn cattle since he last visited Sni-A-Bar at Kansas City in 1940! 25 years ago!

When the cow business is good, ranchers buy more bulls than when business isn't good. They are looking for bulls that will solve their problems. They also have to get their cows pregnant.

But, if they can't find bulls that will solve their problems, they will have no choice but to take the best bulls available. Unfortunately for the Shorthorn breed, I don't think we have enough bulls available to get one extra thousand Shorthorn bulls into this great, open market for replacement bulls.

The Charolais people are trying. The black Angus people are trying. The red Angus people are trying. The Santa Gertrudis, Brangus, Beefmaster people are trying.

We, at Kansas City are trying too! We've been building the strength of our herd from within. We've been adding the strong bulls and outstanding females we believe will help us. Sound feet and legs are an absolute must. We believe we must breed the kind of

strength and quality into our Shorthorns...that you should breed into your Shorthorns...to make bulls and their calves strong enough to be preferred by ranchers, and commercial cattlemen...and take some bull business away from these other breeds.

You can do this too. If you aren't already breeding the strong kind of Shorthorns with strong bone and sound feet and legs that will produce bulls that will be preferred by commercial cattle people...don't let the Great Shorthorn Revival pass you by.

The Great Shorthorn Revival is here. But, everybody has to do his part if we are going to get the business away from these other breeds. They're just not going to drop dead because our breed awakens to this great need.

The present commercial cow men...those with 200 or more cows...will be the calf producers to supply the calves to be finished mostly by others. As world finished beef demand starts to exceed United States calf production, our American calf producers will have already discovered that they can more profitably sell heavier calves at weaning time than in recent years. They can get heavier calves in only two ways:

1. They can creep-feed high cost grain.
2. They can infuse Shorthorn blood, and get it FREE!

The need for strong Shorthorn bulls is 100 times greater than your and our capacity to produce at this time. But, opportunity is where the NEED is...and because the need is great, the opportunity is great! Don't let the Great Shorthorn Revival pass you by!

Start today! If you need a new bull, travel farther, look harder, pay more...but insist on the bull you need. Don't settle for a substitute for a good bull. Pick up the big, strong females you occasionally have the opportunity to buy. The kind that will produce a calf every year, and give enough milk to make a job of the calf. Start today to build up the strength of your herd. Competition demands that all of us Shorthorn people produce bulls that will sire bull calves strong enough to be preferred by commercial cattlemen all over America!

Don't let the Great Shorthorn Revival pass you by!

It is our privilege to present the 24th Annual Revival Sale and we will be honored for you to join us on-site or online!

Revival Consignors work together to offer...

- The greatest variety of desirable, marketable Shorthorn genetics from proven cow families.
- A wide range of Shorthorn investment options that will improve your herd, and increase in value.
- An opportunity to see the results of cutting edge genetics to help make future mating decisions.
- A networking event to create profitable connections with leading breeders and marketing agents.
- A fun, memorable learning experience, with good cattle and good people, that you and your family will enjoy!

\$BMI 95.66 **\$CPI** 99.36

- Offered by Bar N Cattle Company, Belview, MN
- Donor is due to calve in January and will be available shortly after for IVF using Trans Ova technology.
- Buyer will choose sire, provide semen, pay all flush costs, and receive all embryos.
- Six transferrable embryos are guaranteed.

Emily is just now entering the donor pen here at Bar N after a very successful show career. She dominated the upper Midwest last summer earning Champion Shorthorn Female nine times. At the 2025 National Junior Shorthorn Show, she was the very popular Division X Cow/Calf Champion, followed by Third Overall at the 2025 Minnesota State Fair 4-H Show.

Emily is a game changer when it comes to adding rib shape and dimension along with a dynamic front end. She's elegant and powerful at the same time! She has an absolute perfect foot and rear leg structure and is at her very best when she's on the move. Also, in a world full of little ones, she's a bit different. If you're looking to add size in your program, this flush may be your ticket – she weighed-in at 1,625 lbs. in July while raising her January bull calf!

The Lot 19 featured flush of the 2025 Revival will be the only chance to purchase a flush ahead of the next breeding season. When you study Emily's unique pedigree the list of mating options will be lengthy. We look forward to creating offspring of Emily 302 sired by the bull that tops your list!

LOT 20

Traveling Ruby

As the ONLY 24-year consignor to The Revival, we ALWAYS bring a special one to Michigan. This young gal has ALL the style, thickness and pattern to develop into a powerful show heifer and donor prospect. We're pleased to be offering one of the first Look Ahead calves to sell. The fact that she's out of the Denver Champion Ruby 326 proves the pressure we were willing to put on this great young sire. Our vision of the Look Ahead x Ruby 326 mating was realized – prepare to become OBSESSED with Lot 20!

GCC Red Diva The Roo 33 is a ONCE IN A LIFETIME beast!

2024 NAILE Open Show Judge Lydell Meier described the Donor of Lot 24C as "a unique Shorthorn female with body and mass in a sound, attractive package" before selecting her Reserve Grand Champion Female.

At the National Western 2025, she was Grand Champion Female in both the Junior and Open Shows (and where her full sister claimed the same honors at the same show in 2023). Red Diva The Roo has been the "conversation heifer" throughout the recent show seasons, exhibited by Kolten Greenhorn to win 2023 NAILE Division Champion as a calf, 2024 NJSS Division Champion, and 2024 Ohio State Fair Grand Champion Junior and Open.

You will ADVANCE to the TOP of the highly competitive Shorthorn game with this "EVOLUTIONARY" OPPORTUNITY.

In 2022, Lot 29's first heifer calf sold through The Revival to Joe Davis of Michigan for \$14,500. Last year, two of her heifer calves were featured in the Revival Louisville Elite sale. Lot 3 sold for \$8,000 to the Walnut Creek Cattle Company of Minnesota. Lot 4 sold to DeLisle Farms of Michigan for \$8,500. She has also been a great producer of embryos over the years as a pillar of our donor pen. We have retained two daughters of this great cow and that's why we're willing to let this prime 5-year-old go. If you have studied the Sara Rose cow family over the years, her mother was a tremendous show heifer for Little Cedar (pictured on page 29). Sara Rose 2001 is due to calve shortly after the sale to Direct Deposit. She has a perfect udder, is a proven producer of highly sought after genetics... not a hard decision. This is an awesome opportunity for a growing breeding that wants to step up and start an ET program or a seasoned "pro" wanting to add star power to their donor pen.

Daphne 36A and Rosebud 2104 on the bottom side of Lot 30's pedigree were Sydney's last two show heifers. The dam of Premonition Rose is the perfect combination of these two enduring cow families, and we mated her to what we consider to be the best Little Cedar sire to come out of Beaverton – Look Ahead! The opportunity to fulfill your "premonition" is here and now. Rose is one of the first Look Aheads to sell at auction.

A full sister to her dam, NBS Nelly Rose, was Champion Shorthorn Heifer of the MI Shows circuit in 2023. Her daughter was the Overall Michigan Bred & Owned Heifer in MI Shows in 2025. Both heifers were successfully campaigned by Molly Lake.

- Retaining one successful flush at seller's expense and buyer's convenience.

When Rose Mary 2181 was exhibited she definitely won her share of banners, and we noticed that all the judges made a similar comment. The most creative version was: "She's a COW walking around in SHOW HEIFER clothing!" Of course, we took it as the highest compliment! Rose Mary 2181 has never been flushed but we believe she has the potential to succeed as a donor. She's carrying the service of Look Ahead for a March calf and that's quite a bonus. His first calves are outstanding! Note that Lot 31 is a maternal sister to Lot 32 (by Worldwide), turn the page and you'll see a February heifer that is also oneheckuva COW!

Dam of Lots 31 and 32

Maternal Sister to Lot 31

The dam of Lots 31 and 32, the original Rose Mary's Goose pictured above, was successfully campaigned at the highest levels by John Reasor of Georgia. We have sold many excellent daughters of this female, including the donor prospect purchased by young Raymond Moore's family for his select (and growing!) Shorthorn herd in East Texas. (Keep up the good work, buddy!)

This feminine and flashy Worldwide daughter is perfectly designed to be a gatherer of ribbons! She may get called a COW on the mike now and then, and that's a good thing. It means you've got a good judge who recognizes exactly what she is and honors her for it!

BUYER'S BONUS

**Lot 36 is carrying
a HEIFER CALF!**

Our Augusta Pride females are some of our best and this long bodied heifer easily holds up her end within her competitive family. Her dam is a maternal sibling to the cow purchased by Cornerstone Farms at the 2023 Springtime Revival Sale for \$26,000. Lot 36's front one-third is feminine, the shoulder blends nicely into her body, power underneath, big-footed, square-toed with bone to match the package. She is good in all her angles and has been gentle to work with for us. She is carrying a Byland Flash heifer and what a pair they will make! Final Pride 2359 will be a good catch for any buyer.

REVIVAL SUCCESS STORY

Cornerstone Farms' newest herd sire
CSF KSS Trademark 1872 is the son of
KSS Augusta Fireball 2122, who is a maternal
sister to the dam of Lot 36. He was featured
at side of his dam in the 2023 Springtime Revival
and selected by Jason Newcom for \$26,000.

Cow Power TO GO! Potranca 2423 displays dimension, width and depth and has all the right angles to carry herself with a comfortable stride when set in motion. We purchased a Revival pregnancy resulting in this heifer's granddam. With the Potranca 2002 x Hector mating, we produced this heifer's dam who is very similar to 2423. There is good share of Argentine breeding in her dam and, along with this heifer being sired by 1872, she has outstanding numbers. I will safely say this heifer is kid broke. On photo day, the crew all wanted her to stick around the picture pen to keep the other females calm, cool and collected. And she did!

- Retaining a successful flush at seller's expense and buyer's convenience.

This Hector x Red Reward first-calf heifer will write a new chapter in our herd, specifically in the Royal Ruby cow family. We planned this mating for first-time easy calving and ended up with one of our highest WDA at weaning time and an over 12-inch REA when we collected yearling data. 432 is so deep and sound, yet with enough look that she has COW written all over her. She's top 15% of the breed for \$BMI and \$CPI. To top it off, she is bred to the super exciting, roan, easy calving, top 5% \$BMI, top 1% \$CPI bull, Byland Elite. The first 15 sons of his to sell last spring averaged just under \$10K. This mating will make you money!

- CHV. Donor Dam Qualified. Halter-broken.

There is power in this pedigree! 1872, Cabrera and Mr Gus 80C, along with the Kendra cow family, which started with a purchase of a "sleeper lot" at a Revival sale. Kendra (Lot 40's granddam) was the widest cow ever. We purchased her as a bred female and she became a donor for us. We bred her to Cabrera and got the dam of this heifer, who is a big-bodied female also. 2429 will only get better as she matures. She is safe to Byland Elite which we think will be a good match. She has been a real sweet gal and is usually the first one to push her way in to get combed.

- CHV. Donor Dam Qualified. Halter-broken.

This is a female with great genetic potential! Saskvalley Primo as grandsire and 1872 as sire gives her some great numbers to work with and she still retains frame size, depth of body and boldness to the center rib. We have bred her dam to 1872 three years in a row so she has another young 1872 calf at her side right now. Like her dam, we believe Sasha 2408 will develop into a top producer. She is safe to Byland Elite, a great opportunity for any buyer. She has been very easy to work with for us. Docility is a VALUE trait and we breed for it!

WHAT'S A *Weston Mary?*

Weston Dynamo was known as “the maternal powerhouse” in the ‘70s. Bill Marsden gave Steve 5 ampules in the early ‘80s with the insightful advice, “Wait about 20 years and breed him to the best cow you’ve got.” Steve chose Mary 102 for the retro mating in almost the exact time frame advised. In 2006, we introduced our maternal genetic treasure, Little Cedar Weston Mary. She is a cowman’s cow to the nth degree, and her production has made a lasting impact on the LCCC program and the breed.

\$BMI 110.24 **\$CPI** 123.72

- Offered by Vaughn Farms, Maxwell, IA
- Retaining two successful flushes at seller's expense and buyer's convenience.

Weston Mary 503 combines striking presence with an elegant front-end and exceptional center body dimension. She's incredibly angular in her skeleton, traveling with ease and fluid motion. Her sire, the Worldwide son Universal, was purchased in the Springtime Revival. He is the maternal brother to Equator (by Thermal Energy), Currency (by Current Commodity) and Look-Alike (by Lookout).

One of the easiest heifers we've ever halter-broken, she's a perfect fit for even for the youngest showman looking for a competitive show heifer.

**Lot 42 has earned Adalynn and Alden Vaughn's
GOLD STAR for disposition & lead-ability.
She's well on her way to being show-ready!**

Weston Mary RN is a COW that will be among the thickest, deepest Shorthorn females you will ever own. She's quite possibly the easiest-fleshing female in the offering which is an attribute that makes real dollars and cents in today's economy. Plus, she ranks in the Top 2% of the breed for Stayability! (EPDs 101: Cows who work longer make more money. Who doesn't want more money?) Flip to the next page and you'll see both Ronan and Slurpie as potential choices for the Made to Order set of heifer embryos from Weston Mary B. When you see her two daughters you'll know WHY.

FIRST SLURPIE FEMALE TO SELL AT PUBLIC AUCTION

Weston Mary SLP is a long-bodied, easy fleshing daughter of Weston Mary B who, without a doubt, will make a tremendous COW. Read about her dam on page 44. If you've always thought about investing in a Weston Mary female you should definitely consider this one. Her distinctive Australian x U.S. "Retro Maternal" genetic profile is truly EXCEPTIONAL in the breed today. You can keep THINKING about unique, or you can buckle up and BUY IT.

LOT 44 DONOR

Weston Mary B

MADE TO ORDER Embryo Package

In a world of unlimited options, the perceptive, UNIQUE CHOICE always wins.

Weston Mary B 186 is a deep-bodied, maternal powerhouse with unmatched versatility. Go thru her checklist of attributes below. She flat out works!

Now, you get to pick the next sire for an visionary and innovative pairing....

Slurpie – Outcross Australian powerhouse with growth and style

Ronan – Maternal, efficient, and balanced, stamping calves with extra rib and muscle

Solitaire – Stylish and thick, out of maternal powerhouse Kendra 268G, balanced EPDs

Look Ahead – futuristic, elite show bull with perfect profile, thickness, muscle, and presence

LITTLE CEDAR WF LOOKOUT 2160
2022 NAILE Grand Champion Bull & Supreme Champion
 Sire of Lot 45

LOT 45 GUN SMOKE

Wyatt Smith's Champion Bull of the 2025 NJSS has all the SUPER design characteristics to make an impact on the breed. Many who saw him in Grand Island compared him to Look Ahead and the consensus was that Gun Smoke definitely measures up! When you study Gun Smoke in his photo, video and in the pen, you will appreciate his thickness and power. Lookout on the top side and Current Commodity on the bottom is a unique genetic combination that works and will work in making matings in the future. We are so proud that young breeder Wyatt Smith is part of our LCCC family – he is a CHAMPION! (We are committed to development opportunities for our juniors. Will you join us?)

BFS LCCC AFLC DIRECT DEPOSIT 2254 ET
2023-24 ASA Show Bull of the Year
 Sire of Lot 46

LOT 46 TRAIL BOSS

The dam of Trail Boss and Gun Smoke is an extraordinary young donor in the LCCC program. An impressive champion in her show career, these two natural sons have elevated her to a completely different level in my plans for her future.

Trail Boss is long-bodied and his hind leg is as good as any bull we've ever offered. He'll be competitive in the late spring division at NAILE with Wyatt "on the stick." (Wyatt knows how to get 'em shown, plus he's already a serious breeder ready to lead our next generation!)

2023 NAILE
Open Show
Intermediate
Champion

Thanks to "The Pulse" for the striking NAILE ring shot of Margie 2220! And, yes, you read the photo tagline correctly – she is the NATURAL dam of Gun Smoke and Trail Boss and RAISED 'EM in back-to-back calf crops! (2220 may very well edge past Lilac 1877 as the queen of herd sire production at LCCC.)

It's unusual for us to offer maternal brothers back-to-back as featured, elite promotional sires. Why? Because it's UNUSUAL for any female to produce sons by different sires, back-to-back, who both QUALIFY to be elite promotional sires! The Lot 46A heifer mates to Trail Boss are an exciting proposition – snap 'em up!

LOT 47

land•mark (noun):
a **DISCOVERY** or
CHANGE marking
an important
TURNING POINT
(as a modifier): a landmark decision

Now that we've called your attention to this week's vocabulary word, the next step is to establish the potential of this December bull's performance and style as the **TURNING POINT** you've been working toward in your breeding program. The Lookout sons are way good, and the two we are offering in this sale are the best yet! We can't wait to hear the results of Lookout's first crop at Jay Benham's Stone Springs Shorthorns where he's now in service as the resident changemaker. When you see Gun Smoke and Landmark, Jay, you'll know your trip Up North (to Michigan in February!) to evaluate and purchase Lookout was 'on the money!' Landmark is 2290's first natural calf. She is a tremendous, coming three-year-old, a daughter of the phenomenal Dream On 5158 and Hot Commodity. We're gonna add two more vocabulary words for Dream On 2290 and her Lookout son, Landmark: **WAY** and **GOOD**!

CF V8 MONA LISA REWARD 780 SOL ET
2018 NJSS Grand Champion Purebred Female

This is our inaugural consignment to the Revival Sale and we knew we needed to offer our best. The dam of Lot 49 has produced many champions, highlighted by Samantha VanVorhis' Supreme Champion at the 2022 Keystone International. We believe N509's banner background coupled with her depth, overall thickness, and quiet disposition will be hard to beat at any level!

Lot 49 kicked off her show career at the 2025 Michigan State Fair over Labor Day and you can see the purple banners she generated! More so, our sale heifer created family fun for the three "Sisung Boy" cousins, and another on the way in early October. We "Sisung Sisters" came up through AJSA, and the friendships, knowledge, confidence, and "heart" we gained through competing with our cattle (and in ALL the contests!) would be hard to surpass in most any other youth activity. Lot 49 is a perfect project for a committed girl or boy who also wants it ALL from the "family-friendly" Shorthorn experience!

**The dam of Lot 49 was National Western
Grand Champion and her full sister won NJSS!**

SPEECH CONTEST
Prospector I Division

4th
Place

Hello everyone. I am Bryce Heverly from Michigan. Michigan may be known for the "Motown Sound," but today I'm going to tell you about a groovy breed of cattle that's been around for even longer — Shorthorns. And I'm going to tell you WHY I think they're totally "groovy!"

First, let me tell you a little bit about where these cattle come from. Shorthorns have been in the United States since 1783, and they are one of the oldest cattle breeds in America! They originally came from England. The American Shorthorn Association started in 1872, which means this breed has a long history of being cared for and recognized by farmers and ranchers.

Now, you might be wondering, what makes these cattle so special? Well, let me tell you! Shorthorns are known for being calm and easy to handle. This makes them perfect for families or anyone who works with cattle. They're not the kind of cattle that get easily upset or are hard to control. They're gentle and friendly, and could do the electric slide, which is groovy!

But it doesn't stop there. Shorthorns are also really good parents! They are known for their "calving ease," which means the females give birth to calves with fewer complications, and they take care of them really well. This makes them great parents, and it's super important for farmers who want healthy, strong calves. The moms and dads are calm, and the babies are healthy and live a long time so they can have fun at the Y-M-C-A (dance)!

Shorthorns are also great because they grow fast and are efficient. This means they put on weight quickly and don't waste a lot of food or energy. Shorthorns are known for their fast and steady growth, which is great for farmers.

Another groovy thing about Shorthorns is that they are adaptable to all climates. They work well, whether it's hot, cold, or somewhere in between. Shorthorns have been raised in all kinds of environments, and they handle it like pros. That's another reason they're so dependable, and can do the Sprinkler or do the Robot (dance)!

To sum it up, Shorthorn cattle are calm, adaptable, gentle, and hardworking. They're great for families because they're easy to handle and are great parents. They're also fast-growing and efficient, making them a great choice for farmers. And, they've been around for centuries, proving that they are one of the most reliable and "groovy" cattle breeds out there! Thank you for listening!

Congratulations, Bryce, on your successful competitions at 2025 NJSS and showing Lot 49 at the Michigan State Fair. THOUSANDS of Shorthorn Juniors just like you are WHY WE SUPPORT Shorthorn Youth Development Fund!

NBS REGAL DAPHNE ET – 2023 NJSS Division III Purebred Champion
Full Sister to Lot 51A, Maternal Sister to Lots 51B and 51C

LOT 51A

The Red Knight and Daphne 36A is a no-miss mating! We've always thought good things come in threes. Living up to that belief, Lot 51A is the Daphne trifecta! It will be safe to box your wager here. This Red Knight heifer is good enough to follow in the footsteps of her full sister, NBS Regal Daphne ET, who won 2023 NJSS Division III Champion for Kaiden Gana.

LOT 51B

When Prada strikes a pose, she gets your undivided attention! With her elegant design, she will keep you entranced as she floats along the catwalk. I mean, across the showring, or the pasture! She even has me under her spell! Prada will definitely be an easy one to show. And she will be very competitive in her division. Watching her develop into the donor I know she is destined to become will be exciting!

LOT 51C

We certainly liked what we saw in the Shadybrook sale last year and thought Gilman's Greens Fork would be an exciting mating with Daphne 36A. But don't take our word for it, look at what WHR did with Shadybrook Carolyn 102M, Champion Shorthorn of the 2025 Houston Stock Show Junior Show. By the way, VanAlstine, Texas is where Daphne 42M's most notable son, NBS Low Rider, finished his pasture duties at nine years old. There are a LOT of great Low Rider females in this breed!

Myrtle Bo

**THE REVIVAL
MANTRA:**

**Gotta sell the
good ones.**

**Gotta sell the
good ones.**

**Gotta sell the
good ones.**

*Also gotta remember to INHALE when
Myrtle Bo 2525 takes your breath away!*

Myrtle Bo 2525 is very, very hard to sell. But, if you want to be in this business for the long haul, you've always gotta sell the good ones! In fact, ALL of our 2025 heifer calves at LCCC sell on September 27. Including this very, very special one!

Study 2525's pedigree. Notice that the great Miss Myrtle Bo 305, shown by Tammy Gottschalk, is her maternal granddam. She would be 32 years old today. (I'm talking about 305. Not you, Tammy!) The bottom side of this pedigree is truly vintage Shorthorn. I'm sure there won't be anything out there competing in these times that's bred like this heifer is! She will show, of course. But, I believe 2525 to be the ULTIMATE COW PROSPECT. Red Knight brings out the best in females of any era. Red Knight on a Sonny daughter seems to produce some of the best. Lot 52 is the BEST of the best!

Notice I'm retaining half embryo interest in Lot 52 and the four other heifers in this sale that I cannot replicate. There are so many NOW matings for Myrtle Bo 2525 in my head that will make the most of her "throwback" genetic power. I am gonna sell this good one, and I'm gonna stay involved in her future!

- Offered by Little Cedar Cattle Company, Beaverton, MI
- Retaining one successful flush at seller's expense and buyer's convenience.

We purchased a flush from the great Canadian-bred female Glamorous Annie 102G and Lot 56 is the outstanding result. Annie descends from the prolific Breathless and Breathtaker females featured in past Revival Sales. Glamorous Annie earned Senior Champion honors with a bull calf at side at the 2022 Toronto Royal. In 2024, her daughter Glamorous Jazzy claimed the same award, as well as Grand Champion. When you come to Beaverton you will not miss this female! She will be one the judges won't miss either. Red Knight cows are making their mark in the breed and this Annie will be completely unique in the U.S.

Glamorous Annie

A new branch of the renowned Breathless/Breathtaker family of Canada

BLENVIEW GLAMOROUS ANNIE 102G – Donor of Lots 56, 56A and 57

BLENVIEW GLAMOROUS JAZZY
Daughter of Glamorous Annie sired by Evolution
2024 Toronto Royal Grand Champion

Blenview Glamorous Annie has made quite the name for herself the last few years. She descends from the famous Hill Haven Breathless and Breathtaker lines featured in past Revival Sales. She is the full sister to Hill Haven Fire Storm (who needs no introduction). She had a very successful show career herself and most recently her Evolution daughter, Blenview Glamorous Jazzy, won the 2024 Toronto Royal Winter Fair as a 2-year-old Cow/Calf Pair.

Take a look at the full sister offered in this sale as Lot 56 and the Red Knight mating speaks for itself. The extra Maxim embryo elevates Lot 56A! Her mating to Lookout is especially exciting when you study the Lookout sons in this offering. Note that both packages are stored at Boviteq and are eligible for Canada.

Ten Queens

2019 Houston Reserve Champion mated to Flash & Direct Deposit

This cow family has been one of the most successful in recent history producing a multitude of influential females in many different programs.

Don't forget that the popular young sire Look Ahead is a Ten Queens. He will transmit this family's power through his widespread service.

The Lot 58 matings to Flash and Direct Deposit will again prove the unparalleled ability of this line to make competitive heifers that become reliable producers. Investing in heifer embryos is a great way to get ahead in this breed!

Show Bull of the Year CURRENCY strikes again!

Max Rosa 2504 has been the pick of many visitors this summer! Why? She's deep. She's thick. She's really good in her neck!

Lot 59 was produced by a female whose genetic makeup is quite possibly THE most effective combination in the breed. Put Aviator on a Max Rosa then step back and watch the MAGIC happen!

Currency earned the coveted Show Bull title, and now he's proving to be a REAL BREEDING BULL, siring quality females like 2504 that will keep the celebrated Max Rosa family at the forefront.

Cumberland Daughter of Show Bull of the Year Currency
 Dam is Maternal Sister to National Champion Lookout

The dam of Lot 65 is a daughter of the dam of Lookout. The strength and versatility of Cumberland 115E comes thru in 2214's mating to Show Bull of the Year, Currency. His influence is evident from a beautiful roan color pattern to the style and substance you expect from his herd bull producing dam, Lilac 1877. Cumberland 14N carries it off in a feminine, fancy and FRESH presentation. She may show, but she'll certainly grow into a female that will do her famous Cumberland family proud. Here's a heifer with a big future ahead.

After three very successful flushes when she stepped into the donor pen, followed by her outstanding first ET calf crop, Layla XG is proud to introduce, Lot 66A, Layla's Flashy Boots who will most definitely SPEAK for her Mama. Boldly sprung, big-topped, feminine and so very agile. With unique coloring and full-length white boots she "flashes" the IT FACTOR – something totally out of our control but genuinely part of her aura. Even better, she is already hanging banners as the Champion Shorthorn Plus and Third Overall Female of the 2025 Michigan State Fair. So, Steve & Julie, I am siding with Layla about our first Shorthorn Plus offering in the Revival...Hold My Beer!

We've also consigned Lot 66B for the contending bidder, or anyone who wants to make their own "flashy" Layla daughters! Take this opportunity to put your prefix on a ShorthornPlus mating that has proven to produce quality cattle. Bring her another beer, Layla will tell her story through the achievements of her offspring!

I imagine that Layla grew really tired of hearing ALL the BARN TALK about Daphne 36A's success over the years and she finally announced...
Layla "Hold My Beer!"

When Steve mentioned that he was looking for a couple of really good Pluses for the fall Revival Sale, I knew exactly which one I wanted to pitch to him. Quick story. This heifer's granddam, Dream Lady 4124, came from CYT as a show heifer for Jay. I asked Pete Hunter to get her ready for NJSS and he suggested breeding her to a calving-ease bull to make a ShorthornPlus. The Mercedes-Benz daughter 1605 has been a phenomenal producer for us, most notably, the 3rd Overall Bred & Owned ShorthornPlus Champion at 2020 NJSS in Abilene, Texas shown by Henry. By the way, NJSS is in Abilene again next year. History may repeat itself with this half-sister to the outstanding 3rd Overall Plus! Direct Deposit's powerful influence mated to the Mercedes-Benz Plus female is astounding. I love this heifer's shape, dimension and substance through the center portion of her body. Lot 67 is an outstanding contender for next year's ShorthornPlus shows. Added Bonus: she is absolutely kid friendly and perfect for a showman of any age or level of experience.

Imagine the DOMINATING Dream Maker DAUGHTERS stemming from the genetic line that produced these Sullivan SUPREME Show Heifers!

Byland Flash daughters
from the dam of
Worldwide

I never want to let ANY
of our Picture Perfect
treasures go – but I
have committed to sell
ALL the GOOD ONES!

- Lot 70A offered by Little Cedar Cattle Company. Lot 70B offered by LCCC and Joan Pierce, Woodlawn Farms
- Lots 70A and 70B are Donor Dam Qualified.
- Retaining one successful flush in each heifer at seller's expense and buyer's convenience.

Picture Perfect females have stepped up to backdrops and into donor pens in leading herds across North America. 70A and 70B are so similarly made – really cowy, very well-balanced. I think both will show at the state and national levels. And, it will be so interesting to see them as breds. You will be able to use a variety of bulls on these two females because Flash x Charisma is such a unique match. I can see someone keeping the sisters together to capitalize on their individual strengths with the goal of building a foundation for a new, dynamic generation of one of the greatest cow families of the Shorthorn breed.

Sale Location

1264 Van Dyke Road, Beaverton, Michigan 48612
Beaverton is located northwest of Midland, east of Clare, northeast of Mt. Pleasant (home of Soaring Eagle Casino) and north of Lansing.

It can be chilly in Michigan this time of year...bring a jacket for AM and PM! Chilly weather means Fall Colors Season in "Pure Michigan." Plan to look around a little. Visit www.michigan.org for ideas in any direction!

Driving Directions *Because GPS can be unreliable in our area!*

Directions from U.S. 10 to the sale site:

From Clare (west of ranch) travel U.S. 10 to the M-18/Beaverton exit. Take M-18 north 9 miles to Dale Rd. Turn right (east), go 3 miles (cross over river bridge) to Shock Rd. Turn left (north), go 1 mile to Van Dyke Road. Turn right, go .5 mile to Little Cedar sign on left.

From Midland (east of ranch) travel U.S. 10 to the M-30/West Branch exit. Take M-30 north 14 miles to Van Dyke Road at Big R's. Turn left (west) go 2.5 miles to Little Cedar sign on right.

DETOUR NOTE: We're still "fixin' the damn roads" in Michigan! When traveling SOUTH on M-30, the US 10 overpass is under construction. Follow detour signs to access eastbound US 10.

Travel & Accommodations

Major Airports

MBS/Saginaw - 45 minutes; Flint - 1.5 hours
Lansing - 2 hours; Grand Rapids - 2 hours; Detroit - 3 hours

Hotel Headquarters in Clare

Doherty Hotel (604 McEwan St.): 800-525-4115

Comfort & Safety of Guests

Every effort will be made to provide for the comfort and safety of all guests. Little Cedar Cattle Co., consignors, volunteers, auctioneer, sale staff and all affiliated personnel cannot be responsible for accidents.

Important "Bidness"

Terms Of Sale Are Cash, Check or Credit Card

Please be prepared to pay for your purchases on sale day so we may settle this sale promptly! Credit card payments will be charged a 3.5% convenience fee. Cattle will not be permitted to leave the premises until complete payment is made.

Phone/Internet Bids

To pre-register as a buyer and bid by phone, contact any Sales Representative, Steve French or Julie French. All phones are listed at left.

To pre-register as a buyer and bid via internet, visit www.CCI.Live three hours prior to the sale.

Updates and Announcements

A catalog update of additions and corrections will be printed and posted to CCI.Live. Announcements from the sale block take precedence over all printed material. Please do not hesitate to ask questions! We'll make every effort to satisfy reasonable requests.

Livestock Health

Each animal has a state-approved health certificate for interstate shipment, which will be provided upon settlement. Buyers should make themselves aware of the health requirements for their states.

Livestock Insurance

We encourage you to take responsibility for protecting the value of your livestock in transit and recommend these trusted insurance professionals:
• Jim Bessler, James F. Bessler, LLC, 815-762-2641
• Jeanne Conover, Conover Insurance Services, 515-491-1335

Livestock Transportation

Consignors with trailers at the sale may be able to offer transportation to a central location or back to their farm. Call Steve to inquire other trucking options.

Risk & Care for Animals

Each animal will become the buyer's risk "at the fall of the hammer." Little Cedar Cattle Co. will care for each lot for a reasonable amount of time. Please discuss your needs prior to the sale and make sure your plans are noted at the settlement desk.

American Shorthorn Assn. Breeding Guarantee

Sale is held in accordance with ASA Recommended Terms of Sale posted on: www.shorthorn.org/members/membership-info

All animals are guaranteed to be breeders unless they fail to breed due to injury or disease occurring after purchase. Please be aware that animal condition greatly influences fertility. If you encounter problems, promptly notify the consignor, sale staff who assisted you, and/or Steve French. You will be assisted in arranging the return of the animal to the consignor for a 6-month period, as prescribed by ASA Suggested Sale Terms.

Don't let it pass you by!
